

MOTT MANUFACTURING

Mott Manufacturing provides complete solutions for all your laboratory needs. Serving the industrial, pharmaceutical, education, health care and government markets since the early 1960's. Our goal for our products is simple: make them well, make them on time, and make them affordable. We accomplish this by committing ourselves to two things: state-of-the art technology and excellent customer service.

COMMITMENT TO TECHNOLOGY

- Each of Mott's manufacturing facilities are outfitted with the highest state-of-the-art tooling technology available. To make your products well, on time, and affordable, the best technology is absolutely necessary.

COMMITMENT TO CUSTOMER SERVICE

- You have access to a broad selection of products in wood, steel, galvanized steel, and stainless steel. These products are built to strict and established standards. Such as UL, SEFA, ASHRAE, ANSI, CSA, AWI, and many others.

- We manufacture the very finest laboratory furniture steel casework • architectural wood casework • core based systems • plug and play workstations • mobile carts and tables • overhead service carriers • fume hoods and much more...

- Each laboratory's needs are unique, we can design and engineer products to meet your exact requirements. We'll accommodate your needs without damage to your schedule or your budget.

- We're committed to the environment. Our steel casework and fume hoods are made from the most recycled material on the planet and is covered with a modern VOC free powder coat paint. Our wood products support sustainability and indoor environmental health, and are protected by a VOC free, rock hard UV flat line finish system. When it comes to fume hoods saving energy, your options with Mott are almost limitless.

- All of our products are designed to meet the demanding needs of the ever-changing laboratory. We use only the finest materials available in all of our products. Mott is one of the elite few in this industry that is ISO 9001-2008 certified. It is the foundation of our commitment to you. It provides a framework for your satisfaction. It demands a process that works every day, that prevents inevitable mistakes from reoccurring, and that is built around our customer. It takes substantial resources to acquire and obtain this certification, but we understand this process is another way we can provide the satisfaction you deserve.

- We have an established international dealer network that is factory trained to furnish, deliver, and install your project competently.

- When considering your next laboratory project, contact Mott Manufacturing to discuss the many ways we can make it better.
