MOTT PARTNERS WITH THERMO FISHER SCIENTIFIC

April 2015 – Mott Manufacturing, the leading North American manufacturer of laboratory furniture and fume hoods has agreed upon an exciting new partnership with Thermo Fisher Scientific. This agreement is a ground breaking partnership which will team Mott's extensive dealer network with Thermo Fisher in North America. This cross pollination of services will allow Mott's dealer network to offer its customers the excellent products and services that Thermo Fisher Scientific is known for and gives Thermo Fisher Scientific access to the unique sales, design, project management and installation that makes Mott's dealer network the best in the business.

This unique team will be able to offer full service design, estimating, and installation of the full line of Mott's laboratory furniture products and Thermo Fisher Scientific's innovative analytical instruments, laboratory equipment, consumables, software and specialty diagnostic services.

Ed Seegmiller, President & CEO at Mott said "We are delighted to be partnering with Thermo Fisher Scientific for the distribution of our products. Thermo Fisher Scientific delivers excellence and we are committed to a strong and mutually beneficial partnership with this important global company. We are set to increase our presence in the laboratory market with this agreement. The partnership with Thermo Fisher Scientific comes at the perfect time; we are currently expanding our Brantford, Ontario facility by 45%."

ABOUT MOTT MANUFACTURING: Mott is a manufacturer of steel and wood laboratory casework and fume hoods with factories in Brantford, Ontario, Maxwelton, WV and Bedford, VA. Markets served are university teaching & research, industrial, biotech, pharma, healthcare, government, and K-12. For more information, please visit www.mott.ca.
